

## Immunizations

Oklahoma's Immunization Act was passed by the state legislature in 1970. It requires all students to meet immunization requirements BEFORE they enter or attend any public or private school in the state. Please help us follow the law & make certain your child can legally attend school on day one. The law states that the Oklahoma State Board of Health (not the school) will establish the regulations specifying which vaccines and how many doses of each vaccine are required.

The immunization requirements are specified by the State Board of Health. For more information, go to [Vaccines for School](#)

**When enrolling at WGES, bring one or more of the following to the school.**

- A record of your child's current up-to-date vaccinations
- A record showing your child is in the process of receiving the required vaccines
- A completed exemption form

Families can also apply for an exemption. Oklahoma law allows exemptions for medical, religious, or personal reasons. Students may have an exemption to one or more vaccines and receive the other vaccinations.

To apply for an exemption, you can click [here](#). Once you've completed the [form](#), please provide a copy of the exemption to the school.

**Schools must send a copy of all exemption certificates to the Oklahoma State Department of Health Immunization Service for their approval.**

For additional immunization information:

- You can call the Immunization Service at (405) 426-8580.
- You can visit the Oklahoma.gov website at [Vaccines for School](#).
- You can email [immunize@health.ok.gov](mailto:immunize@health.ok.gov)
- You can also contact our school nurse at (405) 276-9170 if you have questions or concerns concerning immunization requirements.
